

**Used Computer Equipment that is Not Needed.** Dan Berger (Mill Creek Parish) is looking for any unused computer equipment that people no longer have need of. He can take it in any condition, desktop, or laptop. The goal is to refurbish the equipment and offer it to those that would need it during this time of teleworking or remote school. You may contact Dan at [danwashere@comcast.net](mailto:danwashere@comcast.net) to arrange for drop off or for any questions you may have on this new endeavor. Helping our neighbors who may not have the resources to have a “computer” to do their school or job requirements.

**NEW MCP Food Pantry – Donations Needed.** COVID-19 is not going anywhere soon and even when things improve, the effects on our community and our economy will last much longer. Help us help our community by stocking our MCPUMC food pantry. Our goal is to have a pickup day in early September for community members in need. Donations are needed for canned food and dry goods like rice, pasta, canned soup and vegetables, beans, fruit, canned meats (tuna, chicken), peanut butter, unsweetened cereals, etc. (no bulk sizes, please.) Monetary donations are also accepted (please mark for food pantry).

Donations can be dropped off at Mill Creek Mon. – Wed. from 9 -12pm (Bob is there to let you in) or to the Berger’s house anytime. You can also call Kim at (240) 462-0525 to arrange pickup from your porch. Also, if you know someone who would be blessed by a donation of food, let us know.
