

The United Women in Faith, Emory Grove United Methodist Church Local unit will once again participate in the Habitat for Humanity's Women Build Campaign 2024. Join us in working to complete homes for local families. Together, we are building strength, stability, self-reliance and housing through Women Build 2024. Together, we are working to empower women to break down stereotypes, learn the skills needed to build a home, show what we can do when we come together and most importantly, have fun making a difference. Please check out the *Emory Grove Women Building Futures'* team fundraising page for Habitat for Humanity Metro Maryland - <https://www.classy.org/team/556554> (also found on the church website). You can "Join The Team" or "Donate" on the site. If you would like to donate with cash or a check, please use the information on the Donation Form provided. The team will consist of 10 members that will participate in a "Build Day". The build dates are scheduled for April 1st through June 30th. Once the teams are completed and 75% of the money is raised, we will submit our preferred build dates to Habitat for Humanity. Let's get started! Each team member is responsible for raising at least \$350. We will work together with group fundraisers to help each person reach that goal. Please contact any United Women in Faith member or Sis. Yvette Gause for more information [sygause@gmail.com](mailto:sygause@gmail.com) | 240-367-0506.
